"Miracles undo the past in the present,  
and thus release the future."

— A Course in Miracles

We provide spiritual courses, Reiki Healing Sessions, Heart Activation Healing Sessions, and Chakra Alignment Sessions that will aid you in healing yourself and others, growing spiritually, balancing your energy, and connecting to your heart, your spirit, and your higher self. Sessions can be performed via Zoom or on site. Courses are provided online or via live workshops.

### *Our Heart Activation Frees You from Making Poor Decisions and Releases Your Full Potential*

Revolutionize the Way You Make Decisions. Our Heart Activation Session filters your thoughts through your heart and improves how you make decisions. When using just our minds, we often just react to how we did things before. Making decisions through your heart, however, frees you from this unhelpful trap, and liberates your life by helping you tap into your true potential.

### *Experience powerful healing with a Reiki Spirit, Mind & Body Healing Session*

Reiki energy has the capacity to provide healing on every level of your being, starting with your spirit, moving on into your mind and finishing up with the body. When Reiki energy work is applied to all aspects of your being, powerful healing is possible.

### *Learn About Self-Healing with '12 Steps to Deep Inner Healing'*

These guidelines will help you remember and discover the light in you that is already a healer. Just spend 20 minutes a day for two weeks to begin a journey that can and will transform your life where you can connect better with spirit and bring about healing for yourself or anyone you choose.

### *Get Past Feeling Stuck with Our Breaking Through - Live Video Sessions*

Our Breaking Through process will help you break through whatever has you feeling stuck, so don't let anything stop you from receiving the healing you truly desire. To help you get past any step that you may be struggling with, consider using a Live Video Session.

### *Restore your Energy Balance with a Chakra Clearing & Alignment Session*

Restore your energy balance by having your chakra energy cleared or aligned. Though similar to a Reiki session, the focus is only on balancing energy flow through your seven primary chakras, which places you back into a place where natural healing energy can flow again.
